Dear Property/Homeowner/ Management:

The Daytona Beach Police Department would like to thank you for participating in the Trespass Arrest Site Program. The program was created in an effort to keep unauthorized individuals from your private property. To remain current on the Trespass Arrest Site Program, you must complete the attached form and return it to the Trespass Arrest Site Coordinator. Your property will then be inspected by an officer to ensure the signage meets the requirements.

The types of properties covered by the Trespass Arrest Site Program are as follows:

- 1) Business (when closed) - **renewal every two years**
- 2) Vacant Building (24 hours)- **renewal annually**
- 3) Vacant Residence (24 hours) ***in excess of 60 days - renewal annually**
- 4) Vacant Lot (24 hours) - **renewal every two years**

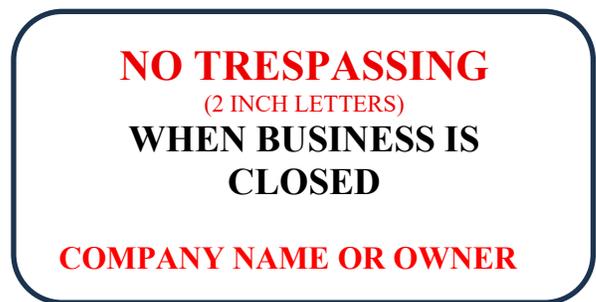

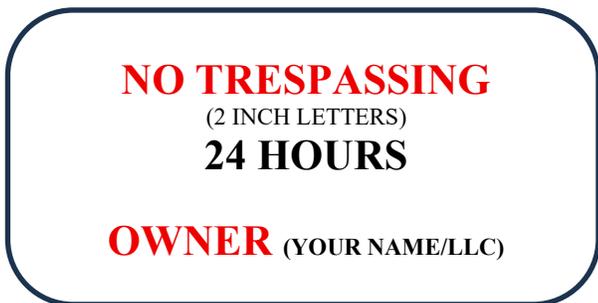

Your signature on the form allows law enforcement officers to address individuals entering or remaining on your property in violation of State trespassing laws in your absence. **Both sides of the form must be completed to be valid and a notary or law enforcement officer must sign the form.**

In order to comply with this Statute, "posted land" must be posted with signs that are placed not more than 500 feet apart along, and at each corner of the boundaries of the land. All signage must be "conspicuous" to anyone entering the property from any direction. The signs must list the name of the owner, lessee, or occupant of the property and state the words "NO TRESPASSING" in letters not less than two (2) inches in height. If any land or structure is open to the public at certain times, the sign(s) must indicate when trespassing is prohibited, i.e., between 7 pm and 7 am, for example. Sign(s) on a business may simply state "NO TRESPASSING WHEN BUSINESS CLOSED.
