Summer Saturday night fireworks

Enjoy a fireworks display over the ocean near the Daytona Beach Pier every Saturday night through the summer. The fireworks display is sponsored in part by the city and follows Saturday night concerts presented by the Boardwalk Merchants and Friends of the Bandshell. The free concerts begin at 7:15 p.m. and the "Bud Light - Lights Up Daytona" fireworks over the ocean follow the concerts at 9:45 p.m. Visit www.DaytonaBandshell.com for a schedule of performances and more information.

Abandoned boats removed from waterways

The city has removed all of the unsightly and derelict boats, more than 30, from the Halifax River within the city's limits. Not only were these abandoned boats an eyesore, they also posed a navigational and environmental hazard.

Only let rain go down the drain

If you are making improvements to a home or business this summer, make sure chemicals, paint and plaster don't go down the drain. These pollutants can harm the environment and our local waterways. Do your part to help keep Daytona Beach beautiful.

WATER QUALITY REPORT 2022

View city's Water Quality Report online

The city of Daytona Beach is proud to let its customers know they receive safe, high-quality drinking water. Each year, the city provides a drinking water quality report, which the public can view online at www.CODB.us/waterqualityreport.

City hosts football kickoff party Aug. 20

Bring your family and friends to Daytona Stadium Saturday, Aug. 20, to help kick off the football season! Fans can enjoy a variety of activities from 11 a.m. to 8 p.m. including performances by local school marching bands, cheerleaders and mascots as well as free country, rock and pop music concerts. There will also be a punt, pass and kick contest for youth ages 6-15. Tailgating spots will be available for $10 per car and $20 per RV. Outside food will be allowed in tailgating area only. Concessions will be available and admission is free. For more information, call (386) 671-8268.

Metronet set to begin construction on city's 100% fiber optic network

Metronet, an internet service provider, will begin construction of a 100% fiber optic network in Daytona Beach. Metronet is fully funding the multimillion-dollar project that will provide residents and businesses with access to ultra-high speed internet. In the next few months, residents can expect to see construction teams in and around neighborhoods completing aerial and underground work. Metronet team member uniforms and vehicles are clearly marked with the Metronet logo, making them easy to identify.

Metronet uses cutting-edge installation technology, while actively minimizing the impact on properties within the construction areas. In neighborhoods with utilities on overhead poles, Metronet will use that existing infrastructure. In areas with underground utilities, Metronet uses state-of-the-art horizontal underground drilling machines to bury the fiber cables.

Metronet has a website dedicated to construction-related information. Residents are encouraged to visit www.Metronetinc.com/construction to access frequently asked questions, view construction areas and notify Metronet of any potential property concerns, such as the location of an underground sprinkler system or invisible dog fence. The website also contains brief and informative videos explaining Easements and What to Expect During Construction.

Those interested in Metronet services can check availability and view pricing and product information at www.Metronetinc.com/iwantfiber or by calling (877) 386-3876.
