

On The Move With Parks & Rec

March 1, 2023

Youth baseball clinics underway at new little league field

Free baseball clinics for youth ages 4 to 12 are underway at the Derbyshire Park & Sports Complex at 849 Derbyshire Road. Clinics start at 5:30 p.m. and are Monday through Thursday until March 17. Athletes will learn the basic fundamentals of America's pastime while having fun. Don't miss out on the action!

To register for the free clinics, visit www.CODB.us/Activities. For more information, visit www.CODB.us.

New welcome signs installed at city parks

As part of an effort to provide a consistent look, new welcome signs are being installed at the entrances of city parks. These vibrant signs welcome residents and inform them of park hours and rules at each location. To date, 42 of 67 signs have been installed throughout the city.

Some parks with welcome signs include:

- Bethune Point Park
- City Island Park
- Colin's Park
- Henry Lee Park
- Samuel Butts Youth Archaeological Park
- Lenox Park
- North Street Park

Registration open for spring gymnastic classes

Spring into action with Daytona Beach Gymnastics! Registration is open for the Parent & Tots class for ages 10 months to four-years old. This class focuses on coordination using structured activities, obstacle courses and basic body positions and shapes. Classes begin at 5:30 p.m. Thursday, March 2, at Schnebly Recreation Center at 1101 N. Atlantic Ave.

To register, visit www.CODB.us/Activities.

Youth basketball league finishes season with championships

Daytona Beach City Manager Deric C. Feacher and his youth basketball team, the Pacers, took home the city championship for youth ages 9 to 11 at the Cherry Center last week. Congratulations City Manager and Coach Feacher on a fantastic season!

The city is hosting banquets for the youth basketball teams to commemorate a great season.

Breakers Environmental Learning Center hosts educational events

Presentation on the lifetime achievements of Dr. Mary McLeod Bethune

Tuesday, attendees at the Breakers Environmental Learning Center had the opportunity to learn about Dr. Mary McLeod Bethune, who is one of the most influential Black female educators in history. Presented by Dr. Bethune's grandson, Charles Bethune, participants learned about her achievements in life and trials she endured while founding Bethune-Cookman College. Students attending the presentation were a class from Reign Homeschooling Academy.

Cold-Blooded Meet and Greet

Attendees had an up-close-and-personal meeting with some of Florida's most popular cold-blooded reptiles Wednesday at the Breakers Environmental Learning Center. With some scaly friends as guests, participants gained knowledge on how humans and reptiles can coexist in our beautiful state.

Local wildlife removal specialist Jean-Noel Vallejo shared fun facts and details on the eating habits and behaviors of some of the common creatures found in our area.
