

Street sweeping services brought in-house

Starting at 3 a.m. weekdays, city employees in new street sweeping vehicles are hard at work removing debris from well-traveled roadways throughout Daytona Beach. The process of cleaning streets is not only for aesthetic purposes, it also helps keep sediment, leaves, trash and pollutants out of the stormwater system, which ultimately travels to the Halifax River and other waterways. Street sweeping also helps prevent localized street flooding due to clogged catch basins.

Which streets are cleaned and how often?

All public streets with concrete curbs and gutters are cleaned. It is estimated that crews will sweep more than 12,000 miles of roadways each year.

Weekly: Major arterial roads and city-owned parking lots:

Ridgewood Ave.	Beville Road
Nova Road	Clyde Morris Blvd.
Beach Street	Main Street
Oakridge Blvd.	Seabreeze Blvd.
Mason Ave.	International Speedway Blvd.

Twice a month: Collector roads:

Dr. MLK Blvd.	Orange Ave.
Dr. MMB Blvd.	Silver Beach Ave.
Bellevue Ave.	White Street
Halifax Ave.	Peninsula Ave.

Every 4 to 6 weeks: All curbed, public streets in residential areas, which averages about nine times annually.

Sweeping in residential areas takes place after 7 a.m.

How residents can help:

- Collect litter and trash around property, rather than sweeping these items into the street or gutter
- Do not rake or blow tree limbs or leaves into streets
- Move parked cars from roads on street sweeping day

Meet Your
COMMISSIONER

Get to know your City Commissioner videos online

Redistricting triggered boundary shifts to all the city's commission zones, and in October commissioners hosted public meetings to introduce themselves to their constituents. Residents who missed those meetings can still learn about their elected representatives by watching recently produced interviews with each commissioner available online at www.CODB.us, the city's YouTube channel and DBTV, the city's government access channel airing on Spectrum Channel 490.

Charter Review Commission

RECRUITING RESIDENTS TO SERVE

Residents needed to serve on Charter Review Commission

Daytona Beach's Charter, the governing document outlining how the city operates, is required to be reviewed every 10 years by a committee made up of residents called the Charter Review Commission (CRC). City commissioners are looking for residents interested in serving on the CRC. Members and alternates will be selected in January and public meetings will be held to encourage participation from residents. For more information or to apply, visit www.CODB.us.
