## BCU WOMEN'S BASKETBALL VISITS YOUTH CLINICS

Shout out to the Bethune-Cookman University Women's Basketball Team for joining the city's youth basketball clinics last week. Youth athletes had an opportunity to practice alongside college players while working on key fundamentals such as dribbling, shooting and teamwork. The free clinics were designed to help kids ages 6 to 17 strengthen their basketball skills, build confidence and develop sportsmanship. The Youth Basketball League will begin next month, giving participants a chance to put their new skills into action during league play. **The season runs from December through February, and registration is now open online at [DaytonaBeach.gov/Activities](http://DaytonaBeach.gov/Activities).**
