# ON THE *MOVE* WITH PARKS & RECREATION

## MIDTOWN MUSIC CONCERT SERIES RETURNS TO DAISY STOCKING PARK

The City of Daytona Beach welcomes the return of the Midtown Music Concert Series, beginning next month, bringing the smooth sounds of jazz, R&B, blues, soul and funk to the amphitheater at the recently renovated Daisy Stocking Park, 555 Dr. Mary McLeod Bethune Blvd. Concerts are scheduled monthly, beginning at 7 p.m., and admission is free.

### 2026 CONCERT SCHEDULE (SUBJECT TO CHANGE)

**Saturday, Feb. 28: The Love Band** The Love Band is a Daytona Beach-area favorite that originated on the campus of Bethune-Cookman University and is known for high-energy, dance-friendly performances.

**Saturday, March 28: Fish N Grits** Based in Central Florida, Fish N Grits is a high-energy cover band with a setlist spanning Motown classics through today's radio hits, designed to keep crowds singing and moving. The group also has recorded releases available on major music platforms.

**Saturday, April 25: The Groov** The Groov brings a mix of smooth jazz and R&B—a "soulful sounds" style that has made the band a recurring draw at live-music venues in Northeast Florida.

**Saturday, May 30: Jai' Eagle** Jai' Eagle (Jonathan Parker) is a Miami native singer/songwriter whose work blends inspirational themes with contemporary R&B and performance formats ranging from acoustic sets to full-band shows.

**Saturday, June 27: *artist to be announced***

Line dancing will take place at 6:30 p.m., before each concert. Food and drink vendors will be on-site during concerts. Guests are encouraged to bring lawn chairs or blankets. Parking is limited.

# facility PROGRAMS & EVENTS

## **FREE NORTH ATLANTIC RIGHT WHALES PRESENTATION** **SATURDAY, JAN. 10, 2026 AT 10 A.M.**

Residents are invited to attend an educational presentation on North Atlantic right whales hosted by the Breakers Environmental Learning Center, located at 13 S. Ocean Ave. The program will explore the critically endangered status of the species and examine why right whales migrate to the Southeast United States.

Topics may also include feeding habits, migration patterns and reproduction, as well as the importance of local waters to their survival.
