

PUBLIC RIGHT-OF-WAY PERMIT APPLICATION

****Conditions and Stipulations****

A copy of the permit, approved plans and any attachments, to include the name and contact information for the permit contractor, shall be on the job site at all times.

Call Before You Dig

- Permittee is cautioned that existing above and below ground improvements and utilities may be located within the construction areas.
- Pursuant to Chapter 556, Florida Statutes, as amended, an excavator of the work performed under the scope of this application shall call the "Sunshine State One- Call of Florida, Inc." at 1-800-432-4770, not less than three or more than five business days before beginning excavation.

Required Notifications

- Any sidewalk, lane or road closure requires review and approval in advance and SEVEN (7) BUSINESS DAYS MIN. notice to the City of Daytona Beach Traffic Engineering at (386) 671-8628 prior to any closures or maintenance of traffic work beginning. Some lane closure operations may be restricted between the hours of 9:00 AM to 3:30 PM, Monday through Friday, based on traffic volume and/or location.
- By accepting this Use Permit, the applicant agrees to notify/contact the Technical Services Division at (386) 671-8628 TWO (2) BUSINESS DAYS MIN. prior to beginning work authorized in this permit. Failure to provide the required notice may result in the issuance of a stop work order and/or the suspension or cancellation of this permit.
- Notify/contact the Technical Services Division at (386) 671-8628 when the work in this permit is complete.

Site Requirements

- All construction signs and barricades in compliance with Florida Department of Transportation (FDOT) & Federal Manual on Uniform Traffic Control Devices (FMUTCD) requirements and specifications must be on the job site and in place before work begins (post mounted may be required).
- No open cuts or excavated work areas are allowed to remain open in the clear zone except while work is actively being performed.
- All areas disturbed by construction activities within the City of Daytona Beach right-of way are required to be restored to a smooth and safely traversable and sodded as directed by the City of Daytona Beach Technical Services Division Engineer or designee.

Work Days and Hours

- All work authorized in this permit must be conducted between the hours of 7:00 AM to 5:00 PM, Monday through Friday, unless other arrangements have been made and agreed upon in advance with the City of Daytona Beach Technical Services Division Engineer or designee.
- No jack and bores, missile bores, directional drills, or open cuts are permitted on Fridays, weekends and holidays unless prior approval from the City of Daytona Beach Technical Services Division Engineer or designee is obtained.

Advisory

- During major events in the City of Daytona Beach that generate heavy traffic volumes, such as but not limited to, Spring Break, Race Week and Bike Weeks, work may be curtailed as directed by the City of Daytona Beach Technical Services Division Engineer or designee.
- All construction and/or maintenance on the City of Daytona Beach right-of-way shall conform to:
 - The Federal Manual on Uniform Traffic Control Devices (FMUTCD):
<http://mutcd.fhwa.dot.gov/>
 - The Florida Department of Transportation (FDOT) Roadway and Traffic Design Standards:
<http://www.dot.state.fl.us/rddesign/DesignStandards/Standards.shtm>
 - The Standard Specifications for Road and Bridge Construction and Qualified Products List:
