TO: Jakari E. Young, Chief of Police

FROM: Angel Chirillo, Sergeant, Office of Professional Standards 
Abisai Roman, Detective, Office of Professional Standards 

SUBJECT: **2021 Enforcement Profiling / Biased Policing complaints**

DATE: January 26, 2022

Per Departmental Standards Directive for Personnel Complaints (1230.15), Biased Policing (500), and Accreditation Standard 2.06M, the yearly statistics for Enforcement Profiling / Biased Policing complaints have been compiled. The Office of Professional Standards received four (4) complaints relating to Biased Policing in the 2021 calendar year. The complaints raised, related to profiling, racial and sexual discrimination, and harassment during traffic stops, subject stops, and responding to calls for service. The complaints were reviewed by the Office of Professional Standards, three (3) occurred from traffic stops, one (1) from other police contact. Of the four (4) complaints, (1) traffic citation was issued, one (1) subject was arrested. Three (3) complaints resulted in No Basis for Complaint as no departmental policy violation occurred. Complainants felt that officers had no reason to make contact with them or they were wrongly stopped. All contact made with subject's by officers resulted in adherence to proper traffic stop procedures and sufficient reasons for the contact. One (1) case resulted in an internal investigation, the results form that investigation was unfounded. During this period 5,029 traffic citations were issued (6,630 traffic citations were issued in 2020). Please see attached for field information and demographics for persons contacted (due to data entry and reporting, some numbers may vary).

In addition, the Office of Professional Standards conducted an annual review of agency practices involving bias profiling which included the areas of forfeitures and seizures. Department policies are up to date and conform to the Commission for Florida Law Enforcement Accreditation along with I.A.C.P., and Florida State Statue standards. No deficiencies noted during this review.
