

UPDATE TO AN EXPIRED TRAFFIC STATEMENT

GENERAL CONTENT

An update to a Traffic Statement more than one year old must:

- Outline trips generated and analysis noting why a full Traffic Impact Analysis (TIA) is not required.
- Note if this is an inflationary calculation in a recorded Proportionate Fair Share Agreement.
- Include Applicant name, name of company, address, project name and all parcel ID's related to the project.
- Note if there is an existing iMS generated DEV#, e.g. DEV2023-123.
- Be signed and sealed by a Traffic Engineer.
- Submit the updated Traffic Statement to the project file. OR if submitted in advance of a project submittal, email to:
DaytonaTrafficReview@DaytonaBeach.gov.

DEPOSIT:

Initial Deposit

- An initial review fee on deposit may be required to perform the traffic consultant review for an updated Traffic Statement.
- If so, the review will not begin until the fee is received.

Submit payment:

- Checks are made payable to the City of Daytona Beach (subject to a funds verification hold; live or electronic) or by credit card via iMS.

- To complete the transaction, contact:

Planning Technician - Vanessa Trimble, at 386-671-8128 or email at trimblevanessa@daytonabeach.gov
